This lovely home has been meticulously maintained by the original owners. Once inside you have access from the split foyer to either the upstairs or downstairs. Upstairs you will find a large family room, well equipped kitchen, eat-in nook, formal dining, laundry, master bedroom with en suite bathroom that has separate tub and shower, plus 2 additional bedrooms and a bath on the other side of the family room. Downstairs is its own separate space with access to the backyard and garage. There is an additional living room with 2 bedrooms and a full bathroom. Outside on the back deck is where you'll want to spend your mornings with coffee or evenings with wine. This two tiered deck has enough room to entertain while granting you access to the backyard with a large wooden swing set for the kids or plenty of yard for puppers to run in.
