Situated on over 1/3 acres, this beauty is ready for you and your family to call home. From the moment you walk into your 2-story foyer, to the time that you spend on your back deck, you feel right at home in this space. Leading the way is the kitchen with overlooks a cavernous den area which can easily become the heartbeat of the home. For the traditionalist, you can find a separate formal living and dining area. Rounding off with Four generous sized bedrooms give way for the growing family. Not to mention a full finished basement. Incredible deal, it will not last!!
