Stunning European home blends the best of modern and traditional. The covered entry brings you to a bright, spacious foyer leading to a grand staircase and formal Dining Space. The grand room is flanked by a bay window. A separate kitchen has it's own keeping / family room, a breakfast room, and a walk in pantry. A slight floor plan modification offers a master on the main in addition to the primary master on the 2nd level. As offered, the terrace level will be finished with 2 bedrooms, an exercise space, a full bath, media room, kitchenette, and den.
